## Willows Tag Sale Helps American Cancer Society

On Saturday, April 9th the local Relay for Life **Big Green** team held a giant tag sale at The Willows to benefit the American Cancer Society. More than \$250 was raised and Willows developer, VW Homes, matched that amount. The **Big Green Team** will be participating in the Meriden/Wallingford Relay for Life at Platt High School in Meriden on May 29th and 30th. Go **Big Green!**

## Welcome To The Neighborhood-Only 16 Lots Left!

A professional couple from Wallingford just put a deposit down on a Lily model, and a young family with two children, who just sold their home, reserved a

Magnolia. There are only 16 lots left at The Willows and only 2 of these have walk out basements.

## A Popular Realtor Talks about the Process of Buying a New Home

I have sold new homes from various home builders in the area. In my opinion and my clients' opinions, VW Homes has taken the process to the next level by providing a very customer friendly environment, from binder to contract to home selections to completion of the

home on schedule with the least amount of anxiety and complications.

They are always prepared to answer customers questions quickly and provide complete pricing for every item in the house. Their model homes and complete showcase of home selections make the home buying process easier, because a customer can see immediately what each selection will look like and cost in their new home. An added bonus, VW Homes provides a two year home warranty on every new home they build!

The last thing a customer wants when buying a new home is for the builder to be late with the completion. VW Homes has a successful history of finishing their homes on quoted schedule dates or earlier. The fact that they can do this on every home means they have perfected the building process and provide the ultimate in customer satisfaction! Your next choice for building a new home should be VW Homes.

## Willows Neighborhood Easter Egg Hunt

Neighborhood kids all lined up on the sidewalk outside the Chestnut model and when Amy gave the signal, they took off in every direction with colorful shopping bags for egg collecting. Whoever found a gold or silver egg received a special prize.
